### - New Legends and Canon Timelines -

As of April 25th, 2014, it was announced that the old Expanded Universe was no longer the official story line of the Star Wars universe. Old EU stories were now to be branded "Legends" and future stories were to become new official "Canon" stories. All stories within this timeline are considered to be Legends stories. This timeline has essentially ended, unless new Legends stories are produced. As of September, 2014, all stories will be considered Canon stories and can be found on the Canon Timeline, unless specifically denoted as "Legends". This timeline will continue to be improved and refined with older material, but only stories after September, 2014 that are specifically stated as Legends will be added.

<a href="http://starwarstimelinealmanac.com/SWLegends.html">http://starwarstimelinealmanac.com/SWLegends.html</a> . The checklist mentions an available (or once available) Hyperspace stories, comics, and podcasts, as well as other online resources like Wizards.com.					

### - Time -

All times in **Black and Bold** indicate time that is centered around the Battle of Yavin (Star Wars Episode IV - A New Hope). BBY stands for Before the Battle of Yavin and ABY is After the Battle of Yavin.

All times in the format **14:05:12** indicates in-universe time based on the Great ReSynchronization which occurred in 35 BBY. This is YY:MM:DD. It is based formerly on a 10 month calendar with 35 days and 3 special weeks and 3 holidays totaling 368 days a year. This has since been changed to a 12 month year with 365ish days.

All times in the format **21363.98.659** indicates in-universe time based on the formation of the Republic.

Hash mark symbol or gray box indicates stories that take place concurrently

All times during The Clone Wars are converted into **Days After the Battle of Geonosis (ABG)**.

**Infinities** - These are the stories that I have placed within the timeline (and also separate at the end) but clearly do not follow official canon. I placed them within the timeline to make them easier to understand. (i.e. Tag & Bink comics).
