A long, long time ago					
	<b>Myths &amp; Fables</b> - Vengeful Waves	Novel			No set time, sometime when the galaxy was still young.
	<b>Myths &amp; Fables</b> - The Leviathan ( <i>Story exclusive to the Target and Galaxy's Edge versions</i> )	Novel			Set long ago when the Mon Calamari was a fledgling species
	<b>Myths &amp; Fables</b> - The Silent Circle ( <i>Story exclusive to the Galaxy's Edge version</i> )	Novel			Takes place long ago on Batuu before human settlers.
	<b>Myths &amp; Fables</b> - The Skiff & the Galleons ( <i>Story exclusive to the Galaxy's Edge version</i> )	Novel			Describes the discovery of Batuu and initial settling, whenever that may have been.
	<b>Myths &amp; Fables</b> - Gaze of Stone	Novel			The statue has stood for "a thousand years or more". Shows the early life of Ry Nymbis.
	<b>Dark Legends</b> - The Gilded Cage	Novel			Set sometime when the Sith were still around and known to the Jedi. Overlaps with Gaze of Stone.
	<b>Dark Legends</b> - A Life Immortal	Novel			No set time period but I assume sometime during the time when the Sith were open.
	<b>Dark Legends</b> - The Sleep of Ages ( <i>Story exclusive to the Target version</i> )	Novel			No set time period but I assume sometime during the time when the Sith were open.
	<b>Visions</b>	Comic			Set sometime shortly before The Duel after The Ronin leaves the Sith
	<b>Visions</b> - The Duel <i>Season 1, Episode 1</i>	Disney+ Show			Although listed as potentially "non-canon", there is nothing inherently anti-canon in the Visions videos so I am placing them in their correct time frame. This one would have taken place during the Sith Wars long before the movies.
	<b>Ronin:</b> A Visions Novel - <i>Chapters 1 and 2</i>	Novel			
	<b>Ronin:</b> A Visions Novel - <i>Chapters 3 to end</i>	Novel			The first 2 chapters recreate the Visions short while the rest of the story continues on from there.
	<b>The High Republic</b> - Eye of the Storm: <i>Act I, Scene I</i>	Comic			A Long time ago
-1,000					
	<b>Myths &amp; Fables</b> - The Black Spire	Novel			No set time, "days now long passed"
-700					
	<b>Visions</b> - The Elder <i>Season 1, Episode 7</i>	Disney+ Show			Although listed as potentially "non-canon", there is nothing inherently anti-canon in the Visions videos so I am placing them in their correct time frame. This one would have taken place during about 700 years BBY if the Sith were defeated ~1000 years before the movie, and here they were defeated "hundreds of years" ago.

Far into the Future					
	<b>Visions</b> - The Twins <i>Season 1, Episode 3</i>	Disney+ Show			Although listed as potentially "non-canon", there is nothing inherently anti-canon in the Visions videos so I am placing them in their correct time frame. This one would have taken place sometime after the ST based on comments of the creators.
	<b>Visions</b> - The Ninth Jedi <i>Season 1, Episode 5</i>	Disney+ Show			Although listed as potentially "non-canon", there is nothing inherently anti-canon in the Visions videos so I am placing them in their correct time frame. This one would have taken place far into the future as it starts with "Many generations have passed since the light of the Jedi protected the galaxy".
	<b>Visions</b> - Akakiri <i>Season 1, Episode 9</i>	Disney+ Show			Although listed as potentially "non-canon", there is nothing inherently anti-canon in the Visions videos so I am placing them in their correct time frame. This one would have taken place far into the future since it has both a B-wing, Jedi, and Sith.
